## STUDENT MEMBERS' MEETING

NUS is an association of 95% of students' unions, it is the only national union representing 7 million university and college students across the UK. Their aim is to achieve national change for students, fighting to make education free and lifelong.

NUS is made up of two organisations:

- NUS UK – this is the campaigning and political arm of the NUS that student members are most familiar with. Carrying out high-impact priority campaigns shaped by you and running across the UK. Collective national representation in the media, government and education sector on key matters. Nationally coordinated election activity and access to exclusive resources for voter registration.
- NUS Charity – The Charity is responsible for supporting the development of students' unions to ensure they adequately serve their student membership. This includes support for the elections, training, staff networks and supply of cheaper goods into SUBU shop, café, bar and Old Fire Station.
